A. G. CASWELL,
Treasurer of Searsmont.

Report of the Superintendent of Schools.

To the Citizens of the Town of Searsmont:

I respectfully submit the following report for the year ending March, 1910.

The advancement of the schools during the past year will compare favorably with any previous year during the time I have served you as superintendent.

All of our teachers for the past year have had previous experience and have worked hard and made the schools a success. The scholars have shown much interest and have made good advancement. The average attendance has been good.

We have exchanged two hundred and fifty old reading books for new ones. Part of the text books are badly worn and will have to be replaced with new.

Flags have been purchased for all the school houses in use, as required by law.

I would advise parents to visit the schools often, for it is the only means by which you can become familiar with the school system, and it will encourage teachers, and show the children you are interested in their school work.
